

Sonshine Explorers

Join us for a summer of exploration! Each week your child will have opportunities to play, explore and create!

Ages: 18 months - 5 years old
June 12 - July 19, 2018 (Tuesdays and Thursdays)
Time: 9:00 a.m. to 12:00 p.m.

June 12, 14: Beautiful Bugs: Children will enjoy chasing butterflies, crawling like ants, buzzing like bees and more as they explore a wide variety of insect life.

June 19, 21: Gardening and Growing: Dig in the dirt and discover seeds, rocks, and wiggly worms! Whether your explorations take place in a garden on top of an apartment building, in a window box, or in a backyard, your infants and toddlers will find endless fascination seeing things grow.

June 26, 28: Vacation Bound: Children can push, pull, scoot, and pedal to make things go! They can also put things in and out of backpacks and suitcases as they pretend to travel to visit family members and friends.

July 3, 5: Lazy Summer Days: Put on your sunglasses and get ready to relax and enjoy the end of summer with water play, active games, frosty treats, and more.

July 10, 12: Pond Life: Let's head down to the pond to have fun learning about frogs, turtles, beavers, and other creatures that live in and around a pond.

July 17, 19: Becoming Picasso: Explore the indoor and outdoor environment together to find shapes and colors everywhere! Children will also be delighted to discover ways to combine colors and shapes to make new ones. We will end our summer creating our own masterpiece!
